Lab 1

A terminal window titled "gilbert@gilbert-VirtualBox: ~" with standard window controls. The terminal displays a message: "To run a command as administrator (user "root"), use "sudo <command>". See "man sudo_root" for details." followed by a prompt "gilbert@gilbert-VirtualBox:~\$" with a cursor. The background of the window is a dark purple geometric pattern.

```
gilbert@gilbert-VirtualBox: ~  
To run a command as administrator (user "root"), use "sudo <command>".  
See "man sudo_root" for details.  
gilbert@gilbert-VirtualBox:~$
```
